Jack Fraser of Barre, who is now attending school in the Holy Cross college preparatory school, was put in the box for the big college team Saturday to finish out the game against the Massachusetts Agricultural college. Other parts of the body of Fred Batchelder, whose death occurred mysteriously in this city on March 16, have been sent to the state laboratory at Burlington to be examined for effects of arsenic. The body, who was buried at Plainfield, was exhumed under orders of the state's prosecuting officers for evidence to be used in the case against the nurse, Ray Mullen, who is charged with murdering Batchelder by administering poison. The state laboratory has already found traces of arsenic in the stomach and intestines but the questions was raised whether enough to have caused death.

The Daylight Store

WE ARE CONTINUALLY STUDYING

In order to give to the public the best possible value for the money invested we need to keep continually studying the values the market offers. When an iron-worker hammers a piece of metal to a glow it is necessary that the blows shall be in rapid succession. If not, the metal will lose the heat imparted by one blow before the last one is struck. It is the accumulated effect of the hard, quick blows that gains results. The Dry Goods and Garment business offers a parallel to this, and it is the frequent visits to the market centers that has a great advantage over buying from samples.

LADIES' SUITS

The popular Suit this season is one made Eton Jacket style with wide girdle and elbow sleeves, skirt made full circular flare.

A Suit which we are putting out as a leader is made of a fancy mixture with an invisible plaid, god style Eton, trimmed with white pique and braid, wide girdle, medium short sleeves, the newest flare and circular skirt. The price is \$15.00.

Another Suit, which has been a good seller and is a good value, is made of good quality black Panama, good style Eton jacket trimmed with plain silk trimming, elbow sleeves, with cuffs to match for long sleeves, full circular skirt with plaits down front and back. It is an extra value at \$15.00.

LADIES' SUITS

The cut represents a very swell Eton Suit, made of fine quality wool Beige, Eton Jacket, has high girdle belt, piped all around with silk, front of Eton, has a grey and white checked vest, collarless neck, similarly trimmed elbow sleeves, silk piped cuffs with three deep tucks above, lined throughout with silk to match piping, the newest flare circular skirt with plaits down center of front and back, silk piped band around bottom. The price of this Suit is \$25.00.

WHITE SILK WAISTS

Silk Waists are in great demand this season, especially those made of white Jap silk, as they will wash as well as a cotton and wear almost as long.

A Waist we are having a good sale on is made in white and black of a good quality Jap silk, tucked front and back, full new sleeves with deep cuffs. The price is \$2.98.

A Waist which is a little more dressy is made of white Jap silk, embroidered front, with three half-inch and fine tucked yoke, full sleeves with deep tucked cuffs. Will wash like cotton. The price is \$3.98.

We have other styles of Jap and Taffeta Waists in both white and colors at prices from \$3.25 to \$7.00.
